**INDUSTRIAL PLACEMENT GUIDELINES
(BUPT3681)**

SCHOOL OF FOUNDATION AND UNDERGRADUATE STUDIES

INTERNATIONAL ISLAMIC COLLEGE

1.0 Introduction

Industrial Placement program provides pre-professional work experience with specific assignments and responsibilities. An Industrial Placement should be relevant to a student's personal career interests and academic courses of study, serving as a bridge between university and the industry. Productive Industrial Placement help students make informed decisions and improve their marketability after graduation.

1.1 Objectives of the Industrial Placement

The objectives of the Industrial Placement are:

- To enable students to understand the 'real' accounting working environment
- To enable students to Understand the organization structure, business operations and administrative functions.
- To enable students to Acquire knowledge and to have a hands-on experience in the commerce accounting field so that they can relate and reinforce what has been taught.
- To provide pre-professional work experience with specific assignments and responsibilities.
- To encourage/stimulates a personal career interests, serving as a bridge between college and the industry.
- To help students make informed decisions and improve their marketability after graduation.
- To encourage students to apply the skills and knowledge gained at the college to benefit the organizations.
- To expose, train and prepare students with knowledge and skills required of current and future work environment

1.2 Placement Arrangement

To fulfill the industrial placement requirement, the students **MUST** undergo **SIXTEEN (16)** weeks training at the organization.

To fulfill the course requirement, students should involve in office or project related work during their training. This might include areas such as:

- A) Accounting/Auditing/Taxation/Costing
- B) Budgeting
- C) Business Development
- D) Planning (i.e financial/business planning)
- E) Other related area

1.3 Attachment Confirmation

Students need to confirm the place of their training not less than **TWO (2)** weeks before the placement begins.

The confirmation of the industrial placement attachment is done once the student submits the acceptance letter and the offer letter from the relevant organization to the School.

1.4 Report Duty at the Industrial Placement

Students are required to report at the relevant organization as directed in the attachment/offer letters. Usually the training starts in the first week of a new normal semester begin.

1.5 Change of Industrial Placement

Students are **NOT ALLOWED** to change their training placement once confirmation has been made. To ensure problems are solved amiably, students should discuss any arising matters with regards to their attachment with the relevant organization.

Any students found to have changed their industrial placement without proper written authorization from School will be considered as disobeying the regulation/industrial placement ethics and will be barred from undergoing the training and consequently be ordered to repeat the industrial placement in the following semester.

1.6 Ethical Conduct during the Placement

Students must adhere to the following rules and regulations during the training.

1.6.1 Discipline and Regulations

- It is the duty of the student to show constant high self-discipline and conduct that truly represents the disposition of an IIC student while undergoing training or when he/she is outside the training placement.
- Every student must perform his/her training with full dedication and concentration.
- Every student must obey and respect his/her training supervisor throughout the training. He/She must abide by the rules and regulations set forth by the Employer and the Department to which he/she is assigned.
- Every student must avoid causing damage or misappropriate any property belonging to the company.
- Every student must behave and wear proper attire during the industrial training period, in line with the requirement of the rules and regulations of the organization the students are attached to.
- IIC regulations are enforced upon students throughout the duration of the training.

1.6.2 Attendance/Absence

Every student must make him/her available throughout the working hours as specified by their training placement. Students must also follow the rules and regulation pertaining attendance ordered by the company.

1.6.3 Weekly Log Report

Students have to fill in their weekly log report to prove their work/activities that have been completed for the day. Writing must be in English, neat, and legible. This log report is useful as a guide to write the industrial placement report. Students must also bring along the log report to the training everyday and obtain weekly employer/supervisor signature.

1.6.4 Confidentiality of Company's Information (industrial placement)

Every student is prohibited from revealing any classified information pertaining to the organization that he/she is attached to. Students are also prohibited from copying, printing or taking pictures of any document or equipment deemed secret by the organization.

IIC will presume that students who disclose trade secrets of the organization as disobeying the ethical conduct/rules of industrial placement.

1.7 Assessment

To determine whether the student passes or fails the Industrial Placement, the following contribute to the assessment:

Assessment Methods and Types	Methods		Percentage
	Formative (100%)	Weekly Student Activity Diary	
Supervisors Evaluation Report			40%
Practical Training Report			30%
Total		100%	

The organization/company should give a feedback by using Form IIC/SFU/BUPT3681/PT10.

Every student must submit the practical/project report together with the log book to the academic supervisor within TWO (2) weeks after the end of industrial placement.

In order to pass the industrial placement, a student has to obtain at least 50% of the total marks. A student who fails the industrial placement is required to repeat the training.

Failure to submit the deliverables (practical/project report, weekly log report, assessment forms) within the stated duration will cause the student to fail the subject.
